If someone says that they enjoy visiting London, Paris, Rome, Madrid, Athens, many beloved Greek isles near the coast for former Ionia such as Lesbos, Chios, Samos, Kos, etc.,... nowadays (c. 2015)... to be harassed, robbed, assaulted, mobbed, attacked, knifed, injured, subjected to a mass mess and stench (mass public defecation, urination, vomiting,...) to the point of illness (incl. being subjected to various communicable and other diseases,... once eradicated from Europe decades ago...), perhaps even Ape-raped or killed by hordes and hordes and hordes of disgusting, revolting, appalling (Asiatic, Arabic) Mohammedan and or African invaders-colonists and criminals, then one either is Insane and Beyond Insane or literally working for the Devil... (we further note in the case of Greece that a certain hostile neighbour has a long-term geopolitical plan to alter the demographics of islands in the Aegean, in addition to controlling all of Cyprus, Thrace and at least half of the Aegean itself, and that many (“)locals(”) and “humanitarians (= literally Evil and Satanic N.G.O.s etc.)” from all over the world are doing not insignificant business based on ((child) sex, body parts and other) trafficking in humans...)... not to mention that the “humanitarian Hot Spots” could just as easily have been set up on Turkish soil – since the E.E. is paying Turkey Billions in EURO re: refugees, rapefugees, migrants, invaders-colonists, et al. –, so that no human would be subjected to drowning and to trekking for thousands of more miles, and then those who qualify as “refugees” could be flown over in humanitarian fashion to Germany, etc., to be used as cheap labour, etc., etc., etc.,... on the other hand, if “they” can get away with it, as they obviously do, and “they” can shape

For sexism and racism and homophobia and islamophobia to be bad, one first must accept the principle of Equality. A generally accepted principle of Equality however is not enough, certainly of itself, to keep the Peace,... yet one can believe in or simply observe the Reality of Inequality and not be Rude, Arrogant, Aggressive, Conceited,...

*Japan is largely racially, culturally relatively homogen(e)ous as were many (other) Western countries until a few decades ago and most non-Western countries in the world today. That is de jure and or de facto Racism. Racism is an essential part of identity, but can be interpreted differently from individual to individual and from group to group. Anti-Racism ends up as an extreme form anti-White Racism (when e.g. it doesn’t have any problem with a historically relatively white country going from 80% - 90+% relatively white to 20% - 40% relatively white in about 100 years e.g. from 1960 to 2060 whereas other non-White countries can keep their relative racial 70% - 90+% homogeneity. Racism, at the end of the day, is perfectly natural and universal and how human societies have always worked. It’s **the kind of Racism** which is what counts and differs in every specific situation...*

Facts are not “supremacist” – they are facts...

Groups exist; so do facts about them...

Your lies make you feel Good... They make me feel Strong...

Lies are the comfort of the Retarded... Facts are the pain of those who seek the Truth...

Societies and the people acting in them do not change just because of Facts, but certainly also because of Beliefs and Action and the Heterogony of Ends...

Heaven help the Atheists and Believers if their multi-racial, multi-cultural society stops working... one day... it WILL stop working... as all societies do; to take a new turn... the “stopping” of course can happen over decades... and decades, if not centuries...

Because artistic efforts and works consist largely in the reshaping, repackaging, re-presenting,... of things already said as far as diachronic human and social characteristics and phenomena are concerned, but perhaps with an epoch-specific colour, I have largely given up on e.g. writing poetry. So much great poetry (and prose) has already been written in so many European and Asian languages over so many centuries that one would need whole lives and lives and lives to appreciate the great works in translation, let alone in the original languages... My cup runneth over... I am full...

“Cultural appropriation” is something every major (and probably every known minor) culture has engaged in since the beginning of recorded history – from language, ideas, technological and scientific advances to dress, customs, music and entertainment... anyone who wants to use

“cultural appropriation” as an ideological-political battering ram is not only Vile but a Retard... I would never ever dream of telling anyone that you must drop 20% to 50%+ of your vocabulary because you are not Greek, a Hellene...

All human phenomena, one way or another, are “social constructs” – so you’re not telling me ANYTHING, Retard, and you are simultaneously forgetting human existence’s biological basis...

The problem with becoming more widely known can be seen when one is still relatively little known not just in the inaccuracies of Prof. Gottfried and Eric Thomas Weber elsewhere on this site, but also in this: “... unforgettable Professor Panagiotis Kondylis... left-wing but ethno-centric...”, Ilias Kasidiaris of the (at least when founded, neo-Nazi) Golden Dawn party, speech in Katerini, Greece, published on youtube, 3-12-2017 (<https://www.youtube.com/watch?v=mF28Ufyf0sU>). Never a professor, never “left-wing” from about 1961?-1964? onwards (apparently c. 1961-1963 Kondylis at around 20 years old was a pro-Castoriadisian/ Trotskyist; crucial was the meeting c. 1961 with Αντώνης Λαυραντώνης, and the Ricci-Burnhamian critique of the Soviet Union... as well as the influence of Αγισήλαος Στίνας... [Prof. Νίκος Τερζής says that in 1963 Kondylis, whom Terzes knew personally both in Greece and in Heidelberg, Germany in 1974 where they attended seminars on Aristotle’s Nicomachean Ethics and Marx’s Das Kapital together) was a supporter of the left-wing EΔΑ = legal front, inter alia, for banned CP (<http://ardini-rixi.gr/archives/208450>)...] ?1964? = turn from economic-deterministic Marxist one-dimensional eschatological-soteriological communistic Paradise on Earth to the study of Human Nature: «Οί ἐπαναστατικὲς ἰδεολογίες καὶ ὁ Μαρξισμός» written in 1964, with Marxism, Lenin, Marx et al. now

 that Kondylis probably underestimated or largely and or totally ignored

 even though for the purposes of his books, articles and analyses, going
 into the thought of Athanasius (c. 296 – c. 373), Gregory The Theologian

 Gregory of Nyssa (c. 330 – c. 395), Jerome (347 – 430), John Chrysostom
 (c. 349 – 14 September 407), Maximus the Confessor (580 – 662),
 Symeon the New Theologian (949–1022 AD), Gregory Palamas (c. 1296
 – 1357 or 1359), Mark of Ephesus (born Manuel Eugenikos) (1392-
 1444), et al, was beyond the scope of his histories of European as largely
 Western European thought, excluding Byzantium Church Fathers, but
 including of course Ζήνων (490-430), Πρωταγόρας (481-411),

In 2013 e.g. there was a multiple-page tribute to Kondylis in the pro-SYRIZA “left-wing” daily newspaper “Newspaper (Journal) of the Editors «Ἐφημερίδα τῶν Συντακτῶν»”... – in general, references in the mass media to Kondylis are very rare, obviously incomplete and misleading, inevitably misrepresenting the truth as properly taking into consideration all relevant facts... whether coming from the “(far) Left”, or the “(far) Right”...

Did Kondylis make any mistakes (during the course of some 6,000 densely packed pages and some 3,000,000 words)?

As far as I can tell, at least no significant ones. When he called the Christian Holy Trinity “really stupid”, one could retort “but why not call Western mass democratic ideology that “we are all equal” really stupid too?, etc.” – but that is not a mistake or error. At best, it’s an omission or a lack of providing a full picture. His position that modern Hellenism has “only” produced poetry of note and high artistic craftsmanship and value

is also perhaps incomplete – we have also had great demotic (folk) songs, singers, actors, musicians, composers of song, lyricists, theatrical and cinematic works,... but then again all of the latter can come under “poetry” broadly meant.... One could possibly contend that Kondylis would have expected a greater resistance by native Europeans to the mass Invasion of Europe e.g. c. 2015, but he did say that tens of millions (e.g. 40 or 50 or 60 million) of immigrants would set off a mass reaction and not one, two or three million... or that Kondylis erred in holding that the Kurds helped keep Turkey militarily in form, rather than holding Turkey back – there seems to be a valid argument by Karambelias that Kurdish resistance to Turkish chauvinism both within and outside of Turkey has made Turkey less able and willing to proceed at a quicker pace in its devouring, territorially, economically, culturally,... of Cyprus, the Aegean and its islands, Thrace, Macedonia, Epirus,... yet c. 1997, Kondylis may not have had available information that the U.S.A. and Israel were planning long term on a greater Kurdistan... the point is that I know of no substantial errors in his work, that his consistency and overall completeness is unmatched in the history of the Humanities and the Social Sciences and, whilst “pound for pound” he might not be the greatest writer/thinker of all time in the Humanities, History and the Social Sciences (that title probably belongs to **Thucydides**, **Aristotle**, (**Machiavelli**), (**Montaigne**, **Hobbes**, **Montesquieu**), **Marx**, (**Clausewitz**) and or **Max Weber**), he was undoubtedly the Greatest Heavyweight Champion the world has ever seen in the arenas in which he Fought and Polemised against Normativism and Causal-Factual-Logical Inaccuracy and Inconsistency. For those of Us who know – Our Gain (at least intellectually-notionally and perhaps emotionally- “spiritually”). For those who don’t know – Stiff Cheddar! Believe in whatever Delusions

you want to – that’s what 99.999999999% of humans have done in all of human existence...

*IN short: I only care about anti-Hellenism. Anti-Semitism is not my problem. I've never met a Semite who cared about Anti-Hellenism or about the multiple Anti-Hellenic Holocausts (nor would I ever expect to meet one)... Anti-Semitism is your problem... I only care about Hellenic/Greek (or perhaps other non-Greek but Eastern Christian Orthodox) holocausts... Other holocausts are not my problem; they are or are not your problem... there have been literally dozens if not Hundreds or Thousands or... of Holocausts, mass killings, mass exterminations, massacres, (partial) Genocides,... throughout History inflicted on many, many, many different Peoples... Someone is “anti-” something for a reason and because he is “pro-” something else.

Everyone has their reasons... (remembering the much beloved and adored Jean Renoir and his motion pictures)...

If a particular ethnic and or religious group has been treated badly, unfairly, etc., maybe that particular group should not have been where it was in the first place or that that ethnic and or religious group as a whole or in part was not exactly innocent (it's very interesting e.g. to look into the reasons why Stalin supported the creation of a particular State in the Middle East... or that a certain Jacob Schiff might (not) have had some kind of (financial?) relationship with Trotsky,... and that Trotsky's nephew Samuel Bronston produced Anthony Mann's at times silly but overall very good, very underrated epic “The Fall of the Roman Empire” (1964)...),... or maybe history teaches that various groups of people are treated badly, unfairly, etc., in a whole range of contexts and situations... (Stalin wasn't exactly “nice” to whole range of ethnic minorities whom he forcibly transferred and or imprisoned, tortured, worked to death,... incl. Greeks...),... that's called Reality... and Reality says... if you don't and can't get organised, in order to defend yourself (incl. to attack and or subdue and or conquer others) and survive...

GO! Or suffer the consequences...!

That's what Reality says... [history is littered with innumerable examples of people from All Walks of Life being Nasty, Violent, Murderous: one example of a series of confrontations and wars, which many people may not know about, is from the period 66-136 A.D., and without going into

- [Kitos War](#) (115–117 CE) — known as the "Rebellion of the Exile" and sometimes called the Second Jewish–Roman War.

Hence, we should NOT draw any verifiable (MONO)CAUSAL CONCLUSIONS between the Bolshevik Revolution and Jewry, given that a whole range of factors played their part, including The Great War, the Russian Socialist-Communist movement as a whole, the pathetic to stupid political behaviour of the Russian ruling political class, the Kronstadt Sailors, etc., etc., etc.,... THE OTHER CRUCIAL QUESTION IS: without the (disproportionately Jew-led and or “Jew-participating”) Bolshevik Revolution and the Rapid Industrialisation of especially the 1930s, including the “Holodomor” (1932-1933), could Russia, as represented by the Soviet Union, have Defended itself and Survived the German (Hitler-Nazi) onslaught of the

[I wonder why Kubrick couldn't stand Hollywood – if that is so; ditto: Orson Welles,... why Eyes Wide Shut is consistently underrated (I love Sydney Pollack's performance...), why Scorsese's Casino is constantly underrated

compared to Goodfellas, why Leone's Once Upon a Time in America is constantly underrated compared to The Godfather... I wonder why... Of course, these matters are all subjective, but no-one can seriously tell me that the craftsmanship in Eyes Wide Shut is lower than in Full Metal Jacket or Leone is of a lower artistic film-making class than Coppola... GET REAL... Control the Narrative, etc., etc., etc....] [Also, re: the so-called "Dreyfus Affair", I have no doubt whatsoever that a Jew could have been just as good a French patriot as a Catholic Frenchman, and that «laïcité» is or is not just as valid a principle of state organization vis-à-vis religion... as (more, relatively) theocratic models... every case has to be examined individually and specifically... BUT what seems to be lacking is a survey and mention of what percentage of the French population at the time was Jewish and what percentage of Rich People, Academics,... Owners of the Mass Media, Banks, etc.,... were Jewish, and whether any disproportionate over-representation of Jews in positions of Power could have lead to a backlash by non-Jews BECAUSE the perception of "fairness, proportionality, fraternity, equality, etc." was being GROSSLY VIOLATED... it DEFINITELY DOES NOT "move me" when particular injustices are given relative prominence over other injustices which are PROPORTIONATELY and QUANTITATIVELY FAR GREATER!!!]

[This is interesting – I am not even an amateur historian re: Germany of the first half of the twentieth century – all I can do is expand on what Kondylis wrote: both Communism and National Socialism contributed with mass violence to the further massification and atomisation and urbanisation of society, setting the stage for, or constituting, "extreme" types of mass democracy, which had developed in e.g. England and France "more smoothly" as "normal mass societies" for at least a few

decades or up to a century or more before than in Germany or Russia, as the case may be...

Pretty pathetic when Antifa degenerates, who never met a wild-eyed, AIDs infected, cannibal negro they didn't like, can marshal more of a presence than Spencer. Europeans don't care, because the working classes still have beer and TV, and the bourgeois classes still have conspicuous consumption. It doesn't matter how the right is packaged, the masses aren't interested. Cradle to grave propaganda works. Thirty pieces of silver is more than sufficient. For God's sake, what's more obvious than the degeneracy and inferiority of negroes? Even with children, whites don't care about the long-run, or the big picture. In 6 years on the alt-right scene, I've gone from self-sacrificial optimist, to borderline sociopath who wants to see civilization burn for spite. What's the inspiring, optimistic end game of our civilization anyhow, Wal-Marts on galaxies far away? The Waffen-SS were the pinnacle of human evolution, now it's back down, oceans of sweaty, reeking, retarded Third World detritus, swallowing up European man and all high-culture, until nothing remains. But hey, at least a whole lot of whites weren't racist. Now that would be evil.

Holy shit man, your comment has made me want to put a gun in my mouth and I'm having my fourth white son being born today. Surely there is something worth fighting for?

Leaving aside the linguistic style of the first comment and the absolutely ludicrous reference to the Waffen SS, the commentator actually gets to the crux of the matter, i.e. the masses in the West themselves have more or less and in the main agreed and agree, even if only passively, to the cultural revolution of the 1960s and 1970s and its aftereffects in the West. Without a conception of Ancestors, Cultural and Racial Continuity, and with a liking for “living in the moment, for the now” etc., the people of the West have not biologically and culturally reproduced themselves at sufficient levels, and have accepted all manner of Exoticisms and Mass Immigration or Invasion... and that’s that. Nor do they care if certain Members of a particular loose but distinct TRIBE have played a grossly

disproportionate leading role in all the changes that have occurred – apart from the tremendous **BIG MONEY** wealth and **BIG TIME** political power/interest or lobby group influence **ACCUMULATION** they have been able to achieve. The second commentator with the children, might **FIGHT**, but it seems what is done is done. “Junk Culture”, which millions find “beautiful”, whilst seeing “High Culture” as totally irrelevant, perhaps even as “ugly or ridiculous”, goes hand in hand with the Browning and Negrifying of the West, and quite obviously relatively white Western Peoples and Cultures belong to the Past. People with Common Sense can See this quite clearly, and there is absolutely nothing one can do about it, apart from guarding what one consumes etc. in one’s own life. People of the Future won’t give a Shit about relatively white Cultural and or Racial Inheritance because hardly any or none of it will exist. It’ll all be unknown or completely foreign to them. That’s the Way of the World – and By the Way, Members of the Tribe, should not be Gloating and Patting Themselves on the Back. Their **TURN** at being **EXTINGUISHED** can come from a variety of sources, directions and places, many of which they may not even suspect or expect. In any event, their **TURN WILL** (eventually) **COME... History and Human Affairs in History ABSOLUTELY GUARANTEES IT** **ABSOLUTELY!!!** [Even someone who generally makes telling observations and very “sensible, reasonable and seemingly realistic” proposals somewhere between B?????t and the “Alt-Right” claims he is a practising Christian, but was born a Jew... i.e. one could interpret that as another sign that wherever “challenges” to Power arise, **THEY** will be **THERE** in one form or another, and the more one “looks into things” the more one understands Nietzsche knew exactly what he was talking about in terms of Group Power Concentration and Crystallisation, without of course giving adequate or any historical-sociological context... also, this is very interesting (though I am not saying it is necessarily 100% or even 50% accurate): <https://alternative-right.blogspot.com.au/2018/03/celine-as-expression-of-jewish-power.html>] [Another way of putting things is: Basically you have two choices: a) you go down the Middle Path of the Buddha or Christ, or b) you follow Satan – and Satan’s Path is obviously the path of preference and “choice” in our world...][So that explains why Kojak (my fellow Tribesman Telly Savalas) keeps on looking at Crocker, the very good and nice New York Jew who “is working for Kojak”, and whilst pointing his finger at Crocker tells him that everything is “Kosher”!!! *[When I think of the works of Spinoza, Marx, Durkheim, Simmel, Husserl, E. Cassirer, M. Ginsberg, M. Bloch, Karl Löwith, G. Elton, K. Polanyi, R. Aron, Ernst Kantorowicz,... et al. (and of course Mahler) – most of whom were mostly assimilated into Western European-Christian-Secular Culture GROSSO MODO, I see, to varying degrees and notwithstanding the (serious) flaws in their thought, GREAT to VERY GREAT to ALL-TIME GREAT THINKERS, SOCIAL SCIENTISTS, PHILOSOPHERS, HISTORIANS, (composers),... AND (almost) NOTHING ELSE!!!... Ditto: von Sternberg, Lubitsch, von Stroheim, Anthony Mann and Kubrick in Film (Michael Curtiz, George Cuckor, Louis B. Mayer, Samuel Goldwyn, Irving Thalberg, Cecil B. DeMille, David O. Selznick, Joseph L. Mankiewicz, William Wyler, Fred Zinnemann, Billy Wilder, Jack Benny, Lauren Bacall, Hedy Lamar, Jules Dassin (who is probably underrated and much better than other “bigger” names, and is artistically - see his 1940s and early to mid 1950s movies - perhaps closest to the names in bold above! – though “Never on Sunday” (1959), apart from some nice taverna/bouzouki scenes, is riddled with both the physically-aesthetically and in terms of character obscene and downright ugly Mercouri, whilst propagating the usual Protestant/“American” absurdity that Ancient Greece had no Continuity whatsoever in the Eastern Roman Empire (Byzantium)... and also whilst I wonder why Dassin the “Philhellene” didn’t make the movie as the “Jolly Whores of Tel Aviv”?), Otto Preminger, Stanley Donen, Sidney Lumet, Jerry Lewis, Peter Ustinov, Roman Polanski, Woody Allen, Mel Brooks, Don Adams, Gene Wilder, [Richard Pryor], Bob Dylan, Rob Reiner, the Coen Brothers,... The Marx Brothers, The Three Stooges,... George Gershwin, Benny Goodman, Glenn Miller,... were (very) talented too, but nothing like those in bold, of course absolutely subjectively seen – they are in another CLASS... it is nonetheless very interesting that most, if not all, of the aforementioned were (much) more “American” than “Jewish”, given that they worked in an era of relatively strong racially (and Christian-)based ethno-nationalism, and that most of the most talented and greatest directors of American Cinema – John Ford, Orson Welles, Douglas Sirk, Howard Hawks, Alfred Hitchcock, Nicholas Ray, Martin Scorsese, Fritz Lang, Buster Keaton, Charles Chaplin, Frank Capra, John Huston, D. Lean, F.F. Coppola, D.W. Griffith, F.W. Murnau, Preston Sturges, Peckinpah, V. Minnelli, Frank Borzage, King Vidor, Robert Altman,... were not Jewish!... and Anthony Mann’s and Kubrick’s brilliance and their masterpieces were clearly not “Jewish” – Mann’s James Stewart Westerns = total masterpieces, were absolutely within the Anglo-American-centric world, whereas von Sternberg, von Stroheim and Kubrick left us movies which at certain points have clear social-ontological interest, beyond all races, colours and creeds... Lubitsch in many ways was “very Jewish” – but we love him anyway, because he was BRILLIANT, pure and simple, Jewish or NOT!... [by the way, I actually think that Σακελλάριος and Τζαβέλλας were greater than Lubitsch, or at least on a par with Lubitsch, but that will never be known beyond the small modern Greek world which is very quickly now dying out...)]... **END OF STORY!!!**... [No-one in their right mind would ever deny that Heine, Proust, Freud, Kafka, Mandelstam, Zweig, Canetti,... Buber, M. Mauss, von Mises, G. Gurvitch, N. Elias, E. Goffman, L. Strauss, M. DIGRESSION: Being angry at Retards is a Waste of Time... Or: On "white privilege" and lazy Retards, Mohammedans and Africans (Moore's, Blackmoore's, Negroes, Blacks, "People of Colour",...)

When someone is engaged in science at the highest level, i.e. the description of human affairs in Kondylis's case, then one uses as far as possible a neutral (as to ethics, religions, ideologies, normativism, etc.) language, and definitely not words of hubris and invective, though occasionally some acerbic humour and or sarcasm is permitted (dealing with humans means you are par for the course often dealing with Retards, i.e. moronic Ideologues)... When one is a mere mortal, like me, one tries to make empirically verifiable points, but also lapses into error – at least in terms of language register... the errors, though, we do try to minimise and keep under control...

What is often forgotten, or more likely, not known today, is that untold millions of mostly Christian European and white peoples in general just in the period of e.g. 1760-1960 toiled, laboured, lived, got sick and died under the most arduous, even most horrendous conditions and abject poverty, as well as being maimed and killed in the most horrific of wars, intra white European ethnic cleansing, etc., including "evil" ethnic (Christian) Germans, yes!, including Them as innocent victims, and not just as "evil" belligerents, who "started" and are the "cause" of the World Wars, as if it does not take two to tango, or more to do a group dance... apart from the fact that something like 97% of the inventions and innovation as to technology, technics, etc. which accompanied the three or four Industrial Revolutions up to c. 1960 and

beyond were the products of relatively White (Christian and or Secularised) Europeans and North Americans...

So that the West could get to where it got.

*In fact not a few free whites and **white** slaves probably lived under comparable or even worse conditions than not just a few coloured slaves....*

Undoubtedly, the super-exploitation of the colonies and of non-Whites and slaves also played a significant role in the West's "accumulation of capital", etc.... but e.g. Germany's leading role in the chemicals-based Second Industrial Revolution had next to nothing to do with Colonial Super-Exploitation simply because Germany basically did not have Colonies (apart from German East Africa, parts of Cameroon, Rwanda, Namibia, Tanzania, Togo,...) upon which Germany's industrialisation depended, and the Super-Exploitation of labour was primarily or almost exclusively of by today's standards extremely impoverished German, Polish, Central European WHITE labour... by the millions and millions and millions...

*YET the characteristics of violence, conquering, enslaving, killing, torture, genocide etc. have been known in the Asiatic, (pre-European) American, African, Mohammedan and other worlds since time immemorial or since the 7th century A.D. **too**.*

*As a "superficial indication", and notwithstanding all the historical inaccuracies or fictions, of what the Truth as empirical facts also entails, just watch some of that great American sentimentalist's movies – leaving aside the supreme Romantic-Mythological Western (and one Irish) artistic masterpieces – such as: "The Informer" (1935); "Drums along the Mohawk" (1939) [even though e.g. Malick's film of 2005 is far more balanced and fairer to the Native Americans, "Drums..." represents the Reality of Conquest, Toil, Labour, War, Blood Shed by a large majority of relatively poor and or hard-working Christian patriarchal whites in order to forge a new clearly **white-based nation** (with "propositions" and some Indians and many Coloureds too) through philopatria, that would one day become the pre-eminent Power in the world in which various Retards can pontificate, whilst living consumeristic-hedonistic "lifestyles", about "injustice" and "privilege"... and of course*

*“propositions”...]; “The Grapes of Wrath” (1940) and “How Green was my Valley” (1941); also see Lewis Milestone’s “All Quiet on the Western Front” (1930), etc., etc., etc.,... and **shut the fuck up** about “white privilege”... or if you like reading: there is always e.g. Eric Hobsbawm’s tetralogy on the Industrial Revolution and the twentieth century (again: notwithstanding all the points of contention, and his interpretive/factual errors and ideological positions regarding certain matters...)... or read Charles Dickens,... Émile Zola,... George Orwell, Jack London,... or Engels,... as well as many others... or if anyone has spoken to (or lived with) relatively white illiterate and semi-literate, largely displaced peasant Southern and Eastern European migrants to the the U.S.A., Canada, Germany, Australia, etc. from the 1920s or earlier until the 1960s and finds out about life and working conditions until the 1960s – I actually personally know of unbelievable Child Labour in a first-world country up to the 1980s, let alone the atrocious mass Child Labour in Southern Europe well into the 1950s!!! – then one would know to **shut the fuck up** about “white privilege”... and then there are the Italian neo-Realist Classics, and not just “Paisà” (1946), “La Terra Trema” (1948) and “Ladri di biciclette” (1948),... but also P. Germi’s “**Il cammino della Speranza** (Path of Hope)” 1950 (= no work, the mine has closed, even if poor, either stand and listen to the Commie talk shit, or migrate Animal! – it’s incredible how much John Travolta looks like the actor who plays “Vanni” ...!!!... [Or: stay, and in a couple of generations things will be better... for a few decades... until the Turd World Invasion begins and Sicily is lost perhaps forever to Africa, the Middle East and Islam... the generations of c. 1850 to c. 1950 being UpRooted and Flowing Out... and the generations of c. 2000+ and thereafter being UpRooted by the Mass Ape (subjectively-aesthetically seen) InFlow... urged of course by both the DoGooder Imperialist Animals AND the local Criminal Elements trading in Human Misery... it’s one thing to see your own people, with whom you Identify FULLY including Absolutely Emotionally, in the Snow up in the Mountains on the Road to a “Better Life”, which just means Cultural and Racial AutoGeonocide after two or three generations at most, even if it is within a “white” Catholic context (France), and it’s another thing to be told by a largely or at least disproportionately Jew-Controlled (International) Mass Media about the plight of Hordes of Mohammedans and*

or Africans, who, of course are suffering something similar to the Sicilians, *mutatis mutandis*, but who for the most part Represent the Conquest of Our Territory as Culturally-Racially Unassimilable Invaders and Colonists and Criminals (Murderers, Rapists, Thieves,...) and Terrorists... - even the partly correct, partly ridiculous preaching about the “anti-human” existence of borders towards the end of the film is within the context of the White World being and remaining relatively or nearly fully White c. 1950 when the film was made...])... or Classics like... “The Battleship Potemkin” (1925), notwithstanding its “ultimate propaganda” status,... Fritz Lang’s “Metropolis” (1931)... “Modern Times” (1936), notwithstanding its HIGHLY sentimental-entertainment value,... then there is also Gorky,... “The Ragged-Trousered Philanthropists”, “Love on the Dole”, etc., etc., etc.,... SO **shut the fuck up** about “white privilege”, ANIMAL!!!... FUCK YOU and FUCK OFF!!! YOU REVOLTING, DISGUSTING ANIMAL!!! **YOU ARE GOING TO TELL ME** ABOUT “white privilege” WHEN ***tens and tens and tens of MILLIONS of WHITES (White Christians) have toiled and toiled and toiled and laboured and laboured and laboured... including literally millions and millions and millions of totally innocent WHITE CHILDREN... YOU DISGUSTING RETARD and/or WELFARE RECIPIENT and/or BENEFACTOR of others’ (white, yellow, black, brown) SUPER-EXPLOITATION... DISGUSTING, REVOLTING ANIMAL!!!*** [It is further noted that the “Collective Lobotomy” which historically relatively white peoples have undergone, apart from being the product of centuries-long “Death of (Christian) God”, massification, atomisation, urbanisation, hedonisation,... also arose from the impact of the Communist-led “anti-racist”, anti-Imperialist, anti-Colonialist movement, the United Nations Charter of “Human Rights” and Mass Media, Mass Education Saturation of White Minds with Ideologies of SELF-HATE and SPITTING ON ANCESTORS and DEFECATING on traditional, inherited FOLK CULTURE, and URINATING on collective, ethnic and or national and or racial identities... all of that is FACT, it has happened, and seems IRREVERSIBLE... but those who are “happy and overjoyed” with such a situation, ARE IN FOR A VERY RUDE SHOCK – SERVES THEM RIGHT!!! SUFFER!!!

In countries that were mostly 90%+ white and “phallogentric” up until only a few decades ago, it should not seem strange that whites and men would be “relatively privileged”... would a person of normal intelligence who works hard not appear as a genius or rightly be “privileged” if 9 out of 10 people around him were Retards and Lazy or simply Idle (no matter why they were Idle)?... if women in general do not perform as well or work as hard as men (i.e. if women work fewer, less productive, hours on average), then it is inevitable they will be paid less... e.g. how can the women’s soccer team be paid like the men’s soccer team when the latter creates far more revenue and performs much better? (There literally is no comparison, perhaps in the range of 0-10 to 0-30 if they actually played a real match against each other)... the “white privilege” movement is an ideological-political programme which seeks power and privilege for whites and non-whites wanting to take, without studying and working hard, i.e. through laziness, via the welfare and highly interventionist state and welfare-state hedonistic-consumeristic moral posturing, through taxes and “affirmative action” programmes and other hand-outs, the earnings, services and labour of those studying and working hard to learn and earn a living... it also seeks to define the terms of what “racial mix” Western countries are to have going into the future, including amongst the elite, without paying any heed whatsoever to meritocracy... if one combines poor social conditions with relatively low average I.Q. and relatively low average impulse control and with “gimme stuff” “rights” and hedonistic-consumeristic lifestyle life stances on top of extraordinarily widespread family breakdown, very poor school performance in general, etc., etc., etc.,.... you’re going to get a relatively high level of anomie, all kinds of criminality, relatively low levels of societal trust, and a relatively greater prison population, which, by the way, probably has a better material standard of living than what many if not most of the natives of “dark” Africa on average have... mass human sacrifices, cannibalism, intra-African slavery, were all very real at least up until the 19th century, if not still happening widely today (at least in the case of (semi-)slavery)... the Confederacy included millions of hard-working relatively poor whites who suffered and shed much blood so elites could “play their games”... it’s not only blacks who “had it bad”; just as “Gone with the Wind” doesn’t show the whole truth or

story, neither does “Django”.... Reality and the Struggles which ensue will answer any questions, as always... but if a welfare-state population undermines the tax-paying base too much, eventually there won’t be any welfare... (by the way, the fact you live in a welfare state means that you yourself are partaking in the fruits of the looting and pillaging and super-exploitation of the Third World over at least a couple of centuries...)... AND if one side “race baits”, another side is or other sides are bound to REACT... and THAT does not bode well... there is a certain practical wisdom in e.g. the Canadian completely avoiding the “race” question... though in effect the Canadian represents a “I hope Western mass democracy (and the (ideology and practice of) capitalistic economic liberalism as “free trade globalism” that goes with it through which inter alia a particular Tribe accumulates more and more and more) lasts forever” position (cf., mutatis mutandis, Dahrendorf’s wishful optimism re: “institutionalised liberalism” and a very mobile “progressive” society, i.e. Western mass democracy with individual rights that is able to peacefully more or less deal with “all conflict, forever and ever and ever...” (**Das Politische und der Mensch**, S. 301), and the Canadian is obviously part of the process, consciously or not, whereby U.S.A. (and now Tribal)-led Western mass democracy is trying to find ways for steam to be “let off”, but ultimately his fundamental “individual-centric” positions mean absolutely nothing if borders are not protected, boundaries are not set, etc., i.e. if there is not some kind of Group Existence and Group Identity, even if relatively loose, and not so “Tribal”, if the latter is going to be defined narrowly... at the end of the day, the U.S.A. (and Tribal)-led global “order”, which as we all know accumulates incredible amounts of (forms of) power in the hands of people who “just happen” to belong to a particular Group or Tribe, and who, whether consciously or not, engage various Actors such as ??. and his Tribal Mate S.?, will FALL either because of a) GeoPolitical Developments, and or b) an Inability to keep the “I shop, consume, therefore I am” Reality at sufficiently high levels for there to be relatively “good or high” social cohesion, and or c) the world-wide Anomie unleashed by the mass movements of hundreds of millions or even billions who “have been pulled out of absolute poverty in Africa and Asia and Latin America” - since he who is half hungry, or rather half satiated, is going to be much more aggressive than

him who is starving -,... becomes totally out of control,... so that much more intense, and probably very different, social disciplining becomes a compelling necessity for (those who want to become) elites... if there are societies of humans any longer... and in that light, the Canadian, consciously or not, with intent or not, and who knows he is riding a Tidal Wave which will sooner or later come Crushing Down with him on or in it, represents another ideological smokescreen behind which certain Groups with Enormous Power “Hide”, as occurs in ALL SOCIETIES, but this time could be leading the whole planet straight into the Hell THEY were always a part of given that collectively, on one view, they are or kind of, sort of constitute SATAN itself... also, when the Canadian says he’ll talk to another S.?. about facts and values and that Hume was not fully correct about values not being ultimately derivable from facts, YOU KNOW, the “system”, “establishment”, “tyranny” or “power structure” they are supposedly “opposed to” is felt by certain intellectuals as being threatened and perhaps even shaken, and the IDEOLOGICAL OBFUSCATION must be INTENSIFIED... I say that that is fully understandable and expected, but anyone engaged in Science, to the full extent possible, cannot have a clear conscience and countenance such BULLSHIT, unless he, she or it wants “Fame and Fortune”, etc., etc., etc.,... e.g. the Canadian making about \$750,000 or whatever the correct figure is over the last 12 or 18 months from his various activities (and hardly ever mentions THAT Tribal Homeland which only THAT Tribe can Have (vis-à-vis the West), whilst all (at least in the West) other Tribes “MUST” bow to “multi-cultural/ racial globalism” = “a very ethical, sincere, proper, upstanding academic and “conservative” or “classical liberal”...). in fact, therefore, ?.?. is playing Satanic Games of Evil just like the rest of THEM... though compared to the Academic Establishment, the Canadian is literally “a breath of fresh air”, so I personally would always wish him well,... but Weber, Kondylis, Machiavelli, Thucydides, (Aristotle, Hobbes, Spinoza, Clausewitz, Marx, Aron), et al., as scientists... or studiers and knowers of human affairs... were at another level altogether... and the real Mr. Nice Guy Christos Giannaras, week-in-week-out, without any mass world-wide following, keeps on writing about the end of Hellenism and Relations between Persons not at the Behest of International Usury and End(Goal)/Instrumental Rationality with a Content of

Use and Abuse... as if such Platitudes and Banalities have anything to do with Reality and Satan and ITS Designs... I honestly hope “for the sake of Humanity” that the Michael Lind or Panagiotis Hefastios more or less “right balance” of nations in a multi-polar world emerges, but Kondylis’s Vision dating from 1992 is becoming more remarkable and an increasingly tangible Satanic-Tribal NIGHTMARE literally by the year, if not by the month... [if utterly repellent scum like Mr. ?. ?, who thinks he’s wise, is going to go down the path of theorising “whiteness” and “its privilege”, then others like Mr. S. S., who is a seaman, are going to point out that members of a particular Tribe “make up something like one-third of all billionaires in the U.S. [when about 2% of the U.S. population] and an incredible one-seventh or so of all billionaires on earth despite being only 1/500 of the human race”. I don’t think that Path is in ANYONE’S interests, unless you actually want RACE WAR and further GENOCIDES... In “The Birth of a Nation” (1915), D. W. Griffith depicts the original K.K.K. as being a pro-White Defence Organisation against Black Criminality... I have absolutely no doubt that the various forms of the K.K.K. committed despicable crimes against Blacks, including Lynchings, Murder (a few thousand Murders), etc., etc., etc.,... BUT ALSO contributed to keeping Blacks away from Whites, and vice versa, for a number of Decades.... if one looks into how many Blacks have committed Crimes (especially since general Family Break-Down from the 1950s/1960s, i.e. the period of De-Segregation), including Murder and Rape and... against Whites, and Vice Versa, and looks at the Population Ratios etc., one finds that Black on White and Black on Black Crime is proportionately far higher than White on Black and White on White Crime... These are Facts... The Causality, of course is much more difficult to ascertain, and Obviously Social Conditions play a Huge Role... however, it does not seem to me that genetic-biological-evolutionary factors such as I.Q. levels, impulse control, aesthetic-cultural inclinations and proclivities, etc., etc., etc.,... can be totally irrelevant, or even insignificant... Western Mass-Democratic Ideology does not want to acknowledge the Obvious, as ALL IDEOLOGIES do not want to acknowledge the Bleeding(ly) Obvious... what I do know is that most “normal” people, whether Black, White, Brown, Yellow,.. would not want to live in a crime-riddled and crime-infested area... and that Education Alone CANNOT and

DOES NOT “Solve Problems” which have existed for Decades, and Decades, and Decades,... and WILL EXIST for....]... [I wonder why the not exactly “dumb or evil”, just more or less “RealPolitik realistic” Kissinger wrote “On China”, which by the way as China “has always been “there””, and why my other very much admired, though wrong on a number of matters, Jewish friend Eric Hobsbawm stated the following about a book on China “ruling the world”: “This important book, deeply considered, full of historical understanding and realism, is about more than China. It is about a twenty-first-century world no longer modelled on and shaped by North Atlantic power, ideas and assumptions. I suspect it will be highly influential.”” Time will Tell...] [Another way to say roughly the same thing as... any relatively sensible Common Sense Realist, who really doesn’t want to see the world go up in Flames, and who knows that the “Expand, Expand, Expand, Increase, Increase, Increase, Drive, Drive, Drive, Destroy, Destroy, Destroy, Rule, Rule, Rule” Mentality of Members of a Particular Tribe... and Many Others... is an ABSOLUTE DEAD END for all of the West,... but in words other than those I might use, e.g., is contained within this article by an American Senator:

Digression to the Digression: Kondylis on occasion uses phrases like “in a Western parliamentary democracy” („in einer westlichen parlamentarischen Demokratie“, Anm. 234, S. 300, *Das Politische und der Mensch*) when talking about the mass-democratic loosening of traditional hierarchies, which indicates to me that for the sake of expediency and possibly for other reasons, he himself was not (always) too concerned about absolutely strict definitions and distinctions of concepts, i.e., he did not (always) make a strict distinction between democracy as governance (and society in ancient Greece), and, a kind of democracy (as a kind of society) nowadays. In any event, at p. 302 of the same book, Kondylis’s phrasing is far more accurate re: the governmental structure (“system” or network of power relations), as he writes: “in the framework of the Western constitutional state (im Rahmen des westlichen Verfassungsstaates) ... in accordance with the model of parliamentary opposition (nach dem Modell der

parlamentarischen Opposition)”, which of course has absolutely nothing to do with democracy properly and strictly defined, but everything to do with “democracy” as meant by P. Blau (another Tribesman), and thousands and thousands and thousands of “academics, scholars, political scientists, journalists, lay people”, and God only knows how many other millions and millions and millions of (at least in part, but often full(y) and total(ly)) Cretins, Imbeciles, Morons, Retards,.... Of course, when referring to the great Tocqueville, who thought, like Clausewitz and most great thinkers up to the 19th century, in terms of the ancient Greek combining of society and polity in talking about “democracy” – which to me still does not seem fully adequate, given that mid-19th century U.S.A. was a kind of mixed liberal-oligarchic (presidential/congressional/senatorial/federal/constitutional/municipal/town hall/...), mass, and in part slave (which as we know from history does not contradict democracy), society, with some democratic elements, but not really a “democracy” sensu stricto, Kondylis writes at S. 304 (loc. cit.): “Tocqueville likewise comprehended American democracy or democratic society in its atomisation and mobility as an “open system”, in which stability is achieved always anew via friction(s) and conflicts (Tocqueville hat ebenfalls die amerikanische Demokratie bzw. die demokratische Gesellschaft in ihrer Atomisierung und Mobilität als „offenes System“ aufgefaßt, in dem Stabilität immer von neuem über Friktionen und Konflikte erreicht wird)”. Also of tremendous interest at S. 304, is the discussion regarding Machiavelli and conflict between patricians and plebeians being beneficial for the Roman republic, or the friction and conflicts of atomised and mobile American democracy, as noted by Tocqueville, being good for the renewal of American democratic stability. To what extent, if any, does any of that, or can any of that, apply to a relatively multi-racial and or multi-cultural society, with or without grossly disproportionate Tribal over-representation amongst the elites, as in (some of) today’s Western mass democracies? Is not increasing Anomie and Decay a more likely outcome than revitalisation, renewal and strengthening of the polity?

One possible interpretation of the “saying”: “I sure do like the smell of Napalm in the Morning” is “I’m doing it because I don’t want to do what you want me to do. I’m onto you, I know that I can’t personally do anything about you, but I also know that you are Satan”.

For him without Power, the best he can hope for is the Freedom to play Games on Paper.

Today one is witness to a kind of (curious but ultimately temporary) Left-Mohammedan Alliance, which potentially, should the right or wrong conditions arise, become a kind of (curious but ultimately temporary) Right-Mohammedan Alliance, and someone won’t like that. And even if they don’t arise, something else is bound to happen, sooner or (very much) later, that someone won’t like, let alone enjoy.

At the end of the day, Ultimately, it’s a question of proportionality. One understands that Realistically things can never be fully and generally proportionate, BUT the reality is that since the 19th century, but particularly since the 20th century and post WW2 (when relatively white (nominally) Christian and or secular peoples underwent increasingly drastic and profound massification and atomisation, losing nearly all significant vestiges of relatively strong collective consciousness(es)), Tribal Members, who, comparatively speaking and GROSSO MODO, at least amongst the(ir) elites kept a stronger collective consciousness in operation, are literally everywhere in the U.S.A., England, Australia, France,... GROSSLY DISPROPORTIONATELY in both “theory”, theoretical “vulgarisations” and mass or popular culture, and of course political and policy influence (on all sides of the spectrum). So not only is the “J-Left” a very real phenomenon at least since the days of Marx himself, as varied as it has been, but today, e.g. the “right-wing” (anti-Islamist) “G????one ?????ute”, or R????? ?????cer (“??h?d ???h”), or even T????y ?????son or B????n ?????t... are either GROSSLY DISPROPORTIONATELY “J-dominated” or “J-philic” (which of course is their right and prerogative). The fact that the mere

mentioning of GROSSLY DISPROPORTIONATE ownership and or control of the International Banking and Finance “system” and Multi-National and other Large Corporations, the Mass Media, Mass Entertainment, Publishers, Academic Discourse, (mass) Values (Trans)Formation,... is (Totem and) TABOO, does indicate WHO has to LOSE if the VEILS concealing forms of POWER, and who is GROSSLY DISPROPORTIONATELY exercising such forms of POWER, are taken off so that the non-J masses can SEE,... particularly when society emphasises an Ideology of EQUALITY and ANTI-RACISM. THAT is our world – and those of us who do not object to the dosage per se, but to the GROSSLY DISPROPORTIONATE extent of the dosage, on cultural-aesthetic-identitarian-historical grounds, either can join in a presently and for the foreseeable future FRUITLESS fight... which OTHER FORCES probably in another ERA in History will decide against those who are today GROSSLY DISPROPORTIONATELY represented,... perhaps later in the 21st or even in the 22nd century,... or more sensibly, one can choose to RETREAT (Epicurean-like) into one’s own intellectual-spiritual world and read, watch, listen to,... participate in... aspects of culture where one can feel at home *without* those FACES OF UGLINESS, EVIL and SATAN... as they have come to seem because of their GROSSLY DISPROPORTIONATE OVER-REPRESENTATION...

Scenario 1: England, with a relatively small population but relative industrial might and wealth, and relatively efficient organisation, manages and steers a smaller then larger then crumbling “global” Empire for about three centuries... Scenario 2: an, in terms of population, tiny minority of a religious and or ethnic/racial group produces all kinds of elites from billionaires to Media and Entertainment Barons to Justices and Academics et al., wielding GROSSLY DISPROPORTIONATE forms of power over millions and millions and millions of people not part of their Group... The Scenarios I suggest are not completely apposite, and certainly not completely opposite... [The European Feudal estate-based, relatively rigid

hierarchical model of society, attached to a clear two-world doctrine of the From Here (i.e. This World or Life) and the From There (i.e. That World or Life) with Platonic philosophical implications, not only associated e.g. “dignity” with particular offices and positions of authority, as well as shutting out paupers, peasants, labourers, the bourgeois-middle classes,... from office and Power,... but also shut out, or strictly confined, a particular Tribe, which especially in post-Napoleonic times (in which Polybius’s old notion of “revolution” and “restoration” had completely lost its hitherto positive sense of cyclically returning from (or going back into) degenerate democracy back to (or from) aristocracy and especially back to (or from) monarchy, whereas e.g. post-1830, Progress as a linear view of History, meant there was “no going back”), and in the U.S.A. increasingly throughout the 20th century, could, through Secret Society In-Group Networking, Intelligence, Hard Work, etc., achieve GROSSLY DISPROPORTIONATE LEVELS of WEALTH and forms of POWER...].... [Variation on a Theme: In Australia up until c. the 1970s, there were many streets with a variety of small shops and businesses, incl. a lot of Southern European “ethnic” involvement, and some old “Anglos” too, as well as e.g. the football/soccer club “South Melbourne Hellas”, which made many of us feel very Proud, especially since the club was a Labour of Love for the Patria of first-generation migrants... BUT it was clear that by the 1980s the trend was to a Safeway-Coles Supermarket Duopoly, whose owners “just happen” to grossly disproportionately be members of a particular Tribe, and for the concentration of shops (clothes, electrical goods, etc.) in huge Shopping Centres, whose owners “just happened” to be (an) individual(s) of a particular Tribe, whilst by the 1990s the “A-League”, whose administrators etc. “just happened” to be the same and other members of a particular Tribe, had to “do away with” soccer being attached to ethnic/tribal identification, even though Australia overall had to be “multi-cultural”, incl. having tens and hundreds of thousands of absolutely useless and even violent N????ers and Sand N????ers pour in when (relatively) Good, Decent, Hard-Working, Productive,

Christian, White South African farmers being MURDERED etc. by DISGUSTING APES (if blacks are being murdered en masse by whites or yellows, I'd call the whites or yellows DISGUSTING APES too! FUCK-FACE!!! FUCK YOU!!!), are not to be given "any kind of preferential refugee or immigration treatment" (and whilst Israel "cuts a deal" with the "United Nations" to send its N???er "Infiltrators" (or "Monkeys" according to the chief Rabbi of Israel) to Europe). And THEN they WONDER why at least some people not asleep HATE THEM (not so much the useless and even violent N???ers and Sand N???ers!!!, but THEM!!!) UNFUCKINGBELIEVABLE!!! We won't be around to see it, but boy-oh-boy DO YOU DESERVE what's coming to YOU!!!] [Just as the Old Marxist critique of 19th century oligarchic-liberal formally equal rights EXPOSED the gross inequality in actual power and wealth distribution between capitalist and proletarian, so too today, behind the veneer of general "equality" exist GROSSLY DISPROPORTIONATE discrepancies in wealth and forms of power between individuals AND groups jointly and severally, incl. one particular AESTHETICALLY DISGUSTING GROUP, subjectively seen as a matter of taste, and who can and do, at least some of them, see me and my group too... as aesthetically disgusting...]

[In a particular suburb or areas I have lived nearly all my life one can regularly see a number of billboards and other signs referring to particular Tribal Separateness and Identity, whereas the Country in which I have lived nearly all my life is "not allowed" to relatively tightly define or imply who makes up its nation... it is forbidden to a Chinese-owned large Corporation to advertise for an "Anglo-Saxon" employee in a country whose founding settler nation was 90+% Anglo-Saxon, but if one as so much enters (by accident) a Tribally owned shop, small or large, (nearly) all the employees "just happen" to be Tribesmen and Tribeswomen, and potential customers not of the Tribe are indicated with frowns, etc. to "quietly leave"... unless of course it's a shop which makes (a lot of) money from non-Tribespeople... so the world was made "just for us" so we can pick and choose and "interpret the situation" any which way we want... any Tribe that actually

believes that, will Eventually PAY FOR THAT... and I don't think many people are going to care or worry or fret when...]

IN MAGNO: American-led “Globalisation” really means a Combinatory-Synthetically GROSSLY DISPROPORTIONATELY ZIO- OR JEWISH-LED “Culture” of RUBBISH and JUNK which tends to EAT UP OR TO MARGINALISE in the public mind and eye everything smaller national cultures have produced, which includes all kinds of masterpieces in all kinds of genres, incl. references to racial and or ethnological relative cohesion and relatively strong collective identities. Now, if the more national and local peoples acquiesce with being led by the Internationally Imperialistically Projected Mass Media which have GROSSLY DISPROPORTIONATE ZIO- or Jewish influence, with full American Imperialist MIGHT behind it, then SO BE IT. I personally am SICK OF THEIR MONKEY-TRASH CULTURE (e.g. c. post-1970 or 1990 at the latest), and do not waste my time with IT, as in my eyes, subjectively seen as a matter of taste, it reflects precisely THEIR mean exterior appearance and interior nothingness. THEIR UGLINESS. THEIR SATANISM. THEIR EVIL. BUT HUMANS were born to create and achieve things others will LOVE, and also DESTROY what others (once) love(d)... **On the other hand, all more “traditional” and or “ethnic” modernistic cultural products display greatly varying levels and degrees of relative quality and or quantity and or mimicry and or innovation, including in contexts of forms of social hierarchy and or “exploitation”, “oppression” etc., so that Grossly Disproportionately Tribally led and influenced “mass (zio/Semito-)Anglo-centric global culture” is not structurally or in terms of form, so to speak, doing anything “new” or not human... SO IT REALLY IS ULTIMATELY A MATTER OF TASTE, and nothing else... and those with the relative POWER, impose on others, and or get many, many, many others to agree on what is “popular”, what is “good”... a very good example of “exploitation”, “oppression” in the “hit-making” record industry**

in a non-that Tribe context is seen in that fine film: *The Harder they Come* (1972)

What credibility could Tribal and non-Tribal journalists of *The G????????*, *The ??? ?????k T????*, etc. have as “left-wing” (as well as of the “conservative and liberal-democratic” dailies too, such as *The T????????h*), when they consistently support the existence of, usually by saying nothing of lasting substance against, the Billionaires of Globalism who are disproportionately Tribal (i.e. about 1 in 7 Billionaires world-wide are Tribal when Tribesmen make up about 1 in 500 people on the planet), let alone the explicit or implicit support given to the ethno-state or nation-state of Israel when formerly, or current (in the East) 90+% relatively White and or Christian or Secular European countries “must” continue “diversifying or diversify”? It is AN ABSOLUTE JOKE – to say the LEAST!!!

At the end of the day, the largely bogus (since men work (overtime etc.) and or produce far more wealth than women on average and thus should be paid more) “Gender Pay Gap” or “White Privilege” (as if the “privileged” elites of every society,... black, yellow, brown, white,... do not tend to reflect the main racial group(s) of that society – unless other (tiny) minority races are governing!!!), etc., are simply SMOKESCREENS promoted by GROSSLY

DISPROPORTIONATELY Tribal Academics and Media Barons and Journalists, to HIDE **GROSSLY DISPROPORTIONATE TRIBAL PRIVILEGE** (in terms of wealth, access to political power, ideological influence, etc.)... [a ratio of e.g. 1:1.3 is no where near as disproportionate, let alone, GROSSLY DISPROPORTIONATE, as a ratio of 1:5 or 1:10 or 1:50 or even 1:100+!!! (we’ll say it again: roughly 1 in 500 people on the planet, with 1 in 7 billionaires and possibly direct or indirect control of 2 or 3 or ? in 7 billionaires... and in the U.S.A. 1 in 50 people roughly, with about 1 in 3 of the billionaires... in Australia, ? 1 in 100+ people ?, with ? 1 in 2 ? billionaires... In France, in the U.K.,... even in Russia,... and of course in Germany before (and during) Hitler... GROSSLY

DISPROPORTIONATELY with Wealth and other forms of
POWER...)]

It's "rational" for people to say nothing about the grossly disproportionate (forms of) Power of Group J or Group H, but it's "irrational" to want your own Group G, W, C,... or as the case may be, to have that Power, and since, for the time being, or even forever, your Group cannot realistically have that or those forms of Power, to talk about or simply point out Group J or Group H's grossly disproportionate possession of and or increase in (forms of) Power. If that's the way you define "rational", "irrational", "-phobia or -phobic" etc., then either you are truly a RETARD, or, there is A HECK OF A LOT AT STAKE for you and your Group(s).

One way of looking at things is that after the gradual watering down and dissolution of social classes as bearers of real Power, from Monarch to Clergy to Aristocracy to Bourgeois Oligarch,... Western mass democracy (following Feudalism and Liberal Capitalism), based on a historically relatively real and ideological Equality, featured a New Aristocracy of Super Consumers, who Grossly Disproportionately featured many Tribal Warriors and many Gentiles working very closely with such Tribesmen. [[Variation on a Theme, as Gross Over-Simplification, but, macro-historically seen, not without at least an iota of truth: To the peoples' of Western Europe and North America: You basically got rid of your own native and co-religionist aristocracies and or Colonial Over-Lords, in order to be GROSSLY DISPROPORTIONATELY in no small part co-RULED by an originally totally foreign, at least occasionally largely inimical and to say the least, most unappealing (subjectively seen as a matter of taste), TRIBAL ARISTOCRACY. WELL DONE!!! TOP STUFF!!!]]

If a society can feature birth-right estate-based privileges and dignity for individuals born and raised in the "right" class and situation, then it can also, in another totally different, in terms of Content, historical context, allow particular Tribal Warriors to find themselves, including

through Skill, Intelligence, Hard Work, but probably ABOVE ALL Networking,... in GROSSLY DISPROPORTIONATE Positions of Power, which can be handed down to children, grandchildren, great grandchildren,... and then SAY that “because YOU are not Worthy or have not the Dignity, you are not in a Position of Power” just as the Old Aristocracy used to say to the Plebs... [= quite clearly the Canadian knows very well WHO his masters are, in the sense of those who allow him to acquire fame and wealth, and about them he is permitted to SPEAK NOT – other than to DEFEND THEM. And it is up to the Plebs, to await their TURN, if it ever comes, to REMOVE the “PARASITES” from their Positions of Power, and to RULE under a NEW REGIME] [It does not seem to me to be a “mere coincidence” that Christian Churches, to which hardly anyone goes anymore, as a rule have their doors open to anyone, whilst Tribal Synagogues (with their often “House of Satan” absolute Box-like Ugliness, subjectively seen of course), at least the ones I have observed in the area I have lived for decades, have locked and guarded doors, allowing only, as a rule, Tribal Members to enter, or non-Tribal members entry only under conditions of strict supervision... I wonder if all of that has something to do with “primitive secret societies” or not...]

Even if all that remains is a state governing a territory and a dominant language (which of itself contains certain cultural implications, prejudices, biases,...), THAT can make up a nation, i.e. a group or tribe broadly defined, and because e.g. of the danger of increased Anomie and or Exploitation/Oppression by other States and or Nations, relatively Local or Regional Identitarianism will possibly or probably again be Reinforced, albeit without the dominant white cultural-aesthetic element, but perhaps with Christianity in new versions or some new Religious-Ideological combination (of course some or many countries, regions, etc. like (the former) Greece will probably just Fall into Broader and Broader, Deeper and Deeper Anomie until (next to) no cultural, let alone racial, Greek element of significance is left)... the Utopia of One World Free Trade under clear largely disproportionately

Tribal-American-Centric Hegemony WILL END UP IN FLAMES... it is NOT DOABLE (even if it is theoretically), and it WILL COME CRUSHING DOWN... and boy oh boy, my Tribal friends! Beware the (unfair to many but not all) ScapeGoating that is going to take place...

In Greece, since “Independence”, politicians have invariably always favoured and appointed “their own” to positions of power and authority on a Party or partisan or Clan basis... in China the ruling elites do something similar... so why wouldn’t x Group, if they have y Group consciousness, not do z?...

We lost about 800 years ago. Whilst I know I can’t do absolutely anything about you, it doesn’t mean I am going to let you control my thought and tastes, **Animal, Ugliness, Evil, Satan** (which, by the way, **I DO NOT CONFINE to one particular Group (and certainly NOT as a totality), whilst I also include MANY, MANY people from my own Group in the category of “Animal, Ugliness, Evil, Satan” which has undermined and or threatens to kill off my Collective Cultural Inheritance and Identity!!!).**

With Christianity as dominant ideology there is the Fall of Man and Original Sin, attempted relatively strict social disciplining of the personal passions, but collective incl. ethnic consciousness and relatively white racial and ethnic survival or even Domination, depending on the situation. With the “Death of God”, in addition to the shifting of the possibility of excluding (much of) the inimical half of the spectrum of the social relation *in this World* (e.g. eschatological Liberalism (Trade replaces War) and eschatological Marxism (Communism replaces Class Struggle)), and later in some countries GROSSLY DISPROPORTIONATE Tribal public-sphere/ideological participation, there is a White Male Christian Guilt and behaviours of AutoGenocide (Self-Racism) in the context of centuries-long massification, atomisation, urbanisation, and later, hedonistic consumption,... i.e. the once dominant relatively white patriarchal group loses power to Western mass-democratic incl. Tribal Elites,

who, inter alia, Dominate (particularly the Tribal Elites) the, Under U.S.A. geopolitical and military hegemony, world financial/banking/global capital multinational corporation “system”, and who at every instance possible ally themselves with disgruntled power-hungry AutoGenocidal Feminists, Homosexuals, assorted other “Nut-Jobs”, as well as anti-White super Racist activist Negroes, et al.. It follows that Tribal Members, who have roughly 1 in 7 of the world’s billionaires (as 1 in 500 of the world’s population – and perhaps control of 2 or 3 or 4 (?) in 7 of those billionaires), all more or less ultimately connected to one Tribal Banking Family with hundreds of years of experience, as well as GROSSLY DISPROPORTIONATE OVER-REPRESENTATION in the U.S.A. Mass Media and Entertainment, Higher Courts, Academia, etc., as well as in other countries, would be “totally in love” with Progress, Reason, Science and Humanism. They are roughly, GROSSO MODO, the Facts. Next? Whatever it will be, things DO NOT look good FOR ANYONE, and I cannot see how “White Identitarians” have a snowflake’s chance in HELL of doing anything other than contributing to the quicker or slower, sooner or later, all-round break down and Junglefication of Western mass democracies, particularly if combined with GeoPolitical events adverse to relative U.S.A. hegemony.

It's very simple: just as at a “low level” a band of people of *b* or *m* ethnicity(-race) and or religious belief can easily pick off socially massified-atomised and isolated individuals, who rely on “law enforcement agencies” of equally massified-atomised individuals with a relatively reduced ethnic and or religious (group) consciousness, to engage in petty crime, fraud, burglary, rape, murder,... etc., so too can a band (group, collective, Tribe) of people of *h* or *j* ethnicity and or religious belief over many decades, even centuries or millennia (of experience of being “foreign, different,... expelled,... welcomed,... expelled,... assimilated,... different, foreign,...”)..., (net-)work themselves, at least a “fanatical” part of such a group, into positions of relative financial and or state and or legal and or (relative) thought

control and or other forms of power, and *grossly disproportionately* participate, with many, many, many others not of their group, in leading millions and millions and millions of massified-atomised individuals with relatively reduced group consciousness financially, legally, culturally, ideologically, aesthetically, ethically-morally, educatively, psychologically, in terms of lifestyles, life stances and life worlds, even militarily,...

A review in the German press of *Das Politische und der Mensch* made mention of the absence of Honourary Tribal Warrior Emmanuel Levinas from the text. In a book which contains a grossly disproportionate number of Tribesmen, some of whom are all-time great thinkers, others who are risible if not (near-)retarded – Kondylis’s other histories contain very few Tribal Warriors because before the “Death of God” they were IRRELEVANT – what possibly could have the inclusion of Levinas added of distinguishing SIGNIFICANCE, notwithstanding that our Tribal friend might or might not have been a (not so) great thinker? Is Dr. ?.?. with his “Zio-Matrix of Power” talk, and was Ezra Pound with his fixations on Usury and Social Credit, “totally loony”? Is the aforesaid reviewer “totally sane, sound or even serious”? Is that how it works? Or perhaps Kondylis should have dedicated some pages to the “great Australian moral philosopher” Peter Singer, or to even Bob Dylan, who apparently is a “great man of letters”, e.g. greater than Κωστής Παλαμᾶς or Akhmatova? Your time will come, almost certainly not in my lifetime, but it will come, SATANISTS! ANIMALS!!! (and just so there is no misunderstanding, I am a SATANIST and ANIMAL to you, I understand that... that’s the way it is... so be it...)... [Supreme Tribal Warrior and “Great Philosopher or Public Intellectual” Bernard-Henri Lévy, who apparently thinks Jews are a “treasure” but not “a chosen people” – who “just happen” to REALLY be behind democracy (when you think it can’t get more hilarious or ridiculous or ludicrous, it REALLY does)!!! – wants, if I’m not mistaken, to present the West and its (supposedly) Judeo-Roman-centred cultural inheritance to be or

have been tightly connected with GROSSLY DISPROPORTIONATELY led or influenced Zio-NeoCon wars in the Middle East, incl. Syria, so that the “democratic West” would continue dominating the “Evil Five” of Russia, China, Iran, Syria and North Korea,... as well as creating a Kurdistan “in the name of Humanity” as a Vassal State or Extension of Israel... and of course says absolutely nothing about the fact that wars and conflicts and mass violence and or increased anomie in Serbia, Iraq, Libya, Syria (ISIS),... were largely or GROSSLY DISPROPORTIONATELY Tribally led or influenced wars and conflicts and mass violence and or increased anomie... and of course says absolutely nothing about... the GROSSLY DISPROPORTIONATE number of Jewish Billionaires, Media Barons and or Personalities, Judges, Academics, etc. in certain (at least not geopolitically insignificant) countries... how nice, how convenient... what a wonderful world this could be... (= all the ideological bullshit, whether it be by Tribal Warrior J or Other Tribal Warriors A-Z (excl. J.) is what all humans and groups of humans with power claims do, i.e. say and pretend that everything is done for “the common good”, for “humanity”, always ethically right etc.)]

In one sense, Socrates and Plato were right – up to a point. “Love” and “Justice” and “Truth” etc. as absolutes which are not prone to Struggles over Interpretation, Practice, Implementation, Recognition, (forms of) Power Relations and Identities, etc. are Ideas in the form of the Good, of God, if one prefers. And since empirical Reality cannot touch what is Absolutely Perfect in the mind, then what is Absolutely Perfect and Ideal only exists as Ideas in the Imagination (e.g. Icons, Depictions of Movie Stars, etc.). Of course, Ideas in the Imagination cannot exist without Humans, and Humans cannot exist without at least some kind of reference to Society, which in turn cannot exist without some kind of reference and connection to Nature, and because of all of that and more, Science is possible (to the extent that it is possible).

Interpreting a text “any way you want” so that “objectivity” becomes “subjectivity” and vice versa, is simply the objectification of the value of “subjectivity” so that students exposed to such an ideology are “open” to relatively loose values and “multiculturalism”, “anti-racism”, homophilia, Islamophila, philoSemitism,... so that concrete individuals and groups can take power away from other concrete individual and groups, so that “the winners and rulers” (incl. a GROSSLY DISPROPORTIONATE number of “intellectuals” and others of a particular Tribe), can wield more and more and more power, whilst the Opposition becomes weaker and weaker and weaker. The truly scientific non-normative, value-free or value-neutral position recognises that all normative positions are BULLSHIT, but that in the praxis of all societies of humans at least one set of normative positions MUST prevail... and the battle for Greco-Roman and Christian-based relative whiteness has OBVIOUSLY been lost in the West, but the multi-coloured West will LOSE OUT too in general... and the Revolting, Disgusting, Satanic PARASITE, subjectively seen as a matter of Taste, whether Tribal or not, WILL LOSE eventually as well... to either the ChinaMan or the OrangUtan or...

I have to admit that there is a logic to the “Tribal view of the world”. E.g. whether someone spends nearly all their life at work and before the Television as a “Zombie”, or whether one writes books and articles of and to the highest standard ever known to mankind, the end result is ZERO. So why not spend all one’s life chasing money, wielding forms of (relative) power? From the point of view of Science, it is a compelling question. Of course, the answer is why not “oppose ZOG” etc.? Or, why not just lead a quiet life, if possible, far away from trouble, particularly if one understands the current CORRELATION OF FORCES and knows that as an individual and at this historical juncture, there is very little to nothing, that one can do...?

Kondylis’s ideal type of Western “mass democracy” is absolutely spot on as a Weberian ideal type. But since the 1980s, with strong indications going back to the 1960s or even earlier, it has become

apparent that social mobility upwards into the elites in the U.S.A., Australia... (with France and England (and Germany (and Russia)) having a historically longer relationship with Tribesmen going back to the 19th century and even earlier)... includes GROSSLY DISPROPORTIONATE OVER-REPRESENTATION amongst elites of Tribal Warriors, who are quite capable of representing “all (mainstream and even extreme) factions and aspects” of Western mass democracy and its dominant ideology and related ideologems, but who “at the End of the Day” do ABSOLUTELY NOTHING to rock the boat of fellow Tribesmen being GROSSLY DISPROPORTIONATELY Billionaires, Media and Entertainment Barons, Academics, Justices, Bankers, Financiers, etc., etc., etc.,.... Most people could not care less about such a state of affairs “since they are Zombified”, but should Elites, incl. Tribal Warriors, NOT DELIVER “I shop, I consume, therefore I am”, then things...

In Vittorio de Sica’s *After the Fox* (1966) – another very underrated motion picture – mostly written by (the not untalented) Tribal Warrior Neil Simon, and with music by (the also not untalented) Tribally Shy Warrior Burt Bacharach, and produced of course by other Tribal Warriors,... – Victor Mature (Grandfather: Maturi) has the following exchange with the very likable Tribal Warrior character actor Martin Balsam: (Mature, Q:) – “What’s neo-Realism?” (Balsam, A:) – “No money!”

A Tale of Two “Mongrels”

In 1980 in Greece there was still relative racial, religious, cultural homogeneity at 90% or 95%+ with relatively very low or next-to-no crime rates, an older generation which was born c. 1900 and knew about Tradition and Continuity... of course the rot had already started, slowly, slowly, before WW2, but at least there was a semblance of a nation. “Mongrel A”, who had a That Tribe Mother, had returned bare-foot to Athens from the Front in Northern Epirus/Albania in 1940 like so many others, and went on to become one of our greatest painters, artists and poets of the 20th century. I would stand beside Him Any Day and Die Beside Him with Pride Any Day Like My

Grandfathers Did. In 1981 a half-Greek with a That Tribe Wife from the U.S.A. came to Power in the name of “EthnoPatriotism (Nationalism) and Socialism” and they proceeded inter alia to dismantling the 3,000+-year-old Institutions of Arranged Marriage and Dowry which served Hellenism very well demographically through all those thousands of years and through many Invasions by and Subjugations to the Barbarian Other and the Ape in General. The Retarded Off-Spring of those Animals also became Prime Minister, voted in of course by “the people”, whilst also being the Head of the “Second International” of Socialists, which really has only ever been a Front for That Tribe incl. Banking Control of the Workers’ and Socialist Movement (starting with an E. Bernstein, if I’m not mistaken). Around 2015, “Greeks”, who no longer were having children to Reproduce the Race or Genos or at least Ethnos, and Notwithstanding that we have a Long History of Being Genocided Out of Existence in Ionia, Pontus, Thrace, Northern Cyprus, Northern Epirus, Imbros, Tenedos, etc., etc., etc.,... instead of En Masse Resisting to the End the Massive Ape Invasion, Welcomed the Conquering Animals, To be Robbed, Beaten, Killed, Raped and Taken Over... incl. by N.G.O.’s of That Tribe Provenance and Foreign Imperialist Governments who want Monkey Holding Pens to “Select” the Meat they Prefer when they Prefer to Have it... Whilst there is no Causality whatsoever between the That Tribe and friendly to That Tribe “Socialists and Retards” and Our Collective Death, given Sociological-Historical Changes were Underway decades beforehand, who cannot fail to be Sickened to the Gut by One’s Own Tribe’s Pathetic Demise?

Some Black Dude who is some kind of Performer and is Married to an Armenian Slut of Some Sort Roughly did a Max Weber and Said that Slaves were Slaves for Hundreds of Years because they (also) Agreed to Be Slaves, i.e. Legitimacy runs through Authority as Dominance not just through Violent Domination etc.,... which Scientifically is Absolutely Correct. The Mass Media, which “just happen” to be in the Ownership and Control of People of a Particular Tribe Went into Hysteria About the Black Dude Telling the Truth. I wonder WHY?!!! (Also, if I’m not mistaken, Auden wrote about the Master-Slave relationship in *The Dyer’s Hand*...)

GROSSO MODO, Western (high and mass or low) culture, incl. theory, with U.S.A. leadership from WW2, was acceptable

aesthetically and ideologically to me, absolutely subjectively as a matter of taste, until about the 1960s, but let's say until c. 1990 (incl. not insignificant Tribal involvement). What eventuated in the West after the Collapse of the Soviet Eastern Block, known as "Globalisation" is not only Demographically-Culturally DISGUSTING, SICK, REPUGNANT, SATANIC,... but the ROLE played – not an exclusive role, not necessarily always or often the leading role –, BUT NONETHELESS A GROSSLY DISPROPORTIONATE ROLE, in all of that demographic-cultural-aesthetic CHANGE... in respect of the possession of GROSSLY DISPROPORTIONATE Wealth and other forms of POWER by certain Tribespersons and Tribal Warriors, usually, but not exclusively, centred on and in the U.S.A., has reached the point where what happens in the coming decades or centuries will be that others will say: **"SERVES THEM RIGHT"**... and if I lived hundreds of years, I'd definitely be saying the same thing too... [the Greed, Lust, Will for and to Material Wealth and Power lost all sense of Proportion, went way beyond The Golden Mean, The Middle Path,... Soaked in Hubris,... SO (eventually) **THEY TOO WILL PAY!!!**]

Karambelias c. May 2018 in an article suggests that future Severe and Acute Troubles and Strife or even "Civil" (Inter-Communal/Religious) Wars with Mohammedans in Europe, as well as WAR with Iran/PERSIA, will assist Israel to displace and or massacre the approx. 2 million Palestinians in the West Bank and Gaza (I'd throw in the possible Erecting of the Temple Solomon on that "Sand Nigger Mosque" in Jerusalem as well). Now such scenarios may be BULLDUST or even BULLSHIT, BUT I CANNOT POSSIBLY DISCOUNT THEM OUTRIGHT given the GROSSLY DISPROPORTIONATE role Jews have played in promoting "Globalisation" as MASS INVASION AND SLOW GENOCIDE of historical European Tribal/Ethnic Homelands, Peoples, Ethne and (Sub-)Races. IF THINGS TURN OUT as SUGGESTED by Karambelias, then the ONLY REASONABLE POSITION TO TAKE

is to HOPE AND PRAY that ISRAEL AND ALL JEWS AT LEAST
COMMENSURATELY, PROPORTIONATELY, MUTATIS
MUTANDIS, GET WHAT THEY DESERVE – what is “tasty” is that
Hopes and Prayers ARE NOT NEEDED, BECAUSE EVENTUALLY
IT WILL HAPPEN TO THEM TOO – ONE WAY OR ANOTHER...
HAHAHAHAHA!!!! HOW FUCKING “INTELLIGENT” WERE
YOU, DISGUSTING, REVOLTING, SMART ARSES????!!

**Ultimately, Cursing Satan that IT will DIE TOO, might give some
comfort and psychological respite to today’s relatively weak
individuals and or groups, and of course ITS eventual Death
accords with Reality, but for now, “Satan” (and I am “Satan” for
him/her/they/IT I call and curse as “Satan”), has the Upper Hand,
and won’t let go without ONE HELL OF A FIGHT!!!..,**

DE-EVOLUTIONARY VOICES, PERSPECTIVES OF DE-EVOLUTION...
with a TRIBAL-WAR CONTRIBUTION (“The Polydoros Predicament”)

The power and capacity of learning exists in the soul already; and that just as the eye was unable to turn from darkness to light without the whole body, so too the instrument of knowledge can only by the movement of the whole soul be turned from the world of becoming into that of being, and learn by degrees to endure the sight of being, and of the brightest and best of being, or in other words, of the good...the business of us who are the founders of the State will be to compel the best minds to attain that knowledge which we have already shown to be the greatest of all. They must continue to ascend until they arrive at the good; but when they have ascended and seen enough we must not allow them to do as they do now...they must be made to descend again among the prisoners in the den, and partake of their labours and honours, whether they are worth having or not.

People are born with inherent knowledge, but only some people can truly learn about virtue and goodness. These are the people who should run the state, using the knowledge of the good to do so

we kinda know things and we should learn about those things because thats good and i want good people to run the country

learn what good then tell people what to do

THE TRIBAL-WAR CONTRIBUTION: “DA GOOD B GOOD NO GOOD YEP”

[which translated into English means: “We get to keep all our Wealth and Forms of Power, whilst also FUCKING YOUR SLUT WOMEN and FAGGOT BOYS, and you get to keep the NOTHING in your HEADS (Derrida, Foucault, Lacan, Kristeva, et al.), your HOLES, and maybe some DRUGS”]

Whilst not necessarily agreeing with most things said, let alone everything herein, nor with the use of all the terminology, grosso modo, this article seems to cover at least some of the CRUCIAL general or macro GeoPolitical issues of the 21st century (with not uninteresting historical observations and allusions as well!):

Even in the First Rhapsody of the Iliad, it is clear a civilisation-culture-(relatively tightly knit) Tribe of Tribes is Going Places because it is Prepared to Fight not only the Other but amongst Itself in order for the Men, who have their Women in their Place, to Rule, Maintain and Expand Power, Dominance, Hegemony. It is only Fitting at the End of such a civilisation-culture-and now Rabble, the men are Effeminate Pussies or Poofers, the Women are involved in Business they shouldn't be involved in and the Other just keeps getting Stronger and Stronger whilst we squabble amongst ourselves as if we have not already Lost Tomorrow...

c. 1200 A.D. there were a few million (up to ?6 to 8? million – but even if it were only e.g. two million = same point) Hellenes = Greek Orthodox (i.e. either racially and or culturally-religiously Hellenic/Greek) who lived in Ionia, Pontus, Thrace, Northern Cyprus, Imbros, Tenedos, etc. = today's Turkey. By 2000 A.D. hardly any Hellenes = Greeks with Hellenic/Greek consciousness lived anymore in those areas, i.e. after a few, up to about eight, centuries of Mohammedan Turkic Conquest MY RACE and/or CULTURE-RELIGION was wiped out either by PHYSICAL EXTERMINATION, FORCED ASSIMILATION or “voluntary” assimilation = indirect forced assimilation

*of BARBARIAN INVADING HORDES... incl. the wholesale destruction and obliteration of thousands and thousands and thousands of Churches and associated architecture and art all over today's Turkey, Greece, Middle East, Northern Africa, etc.... That's History and the Way of the World... But don't expect me to want to live with Mohammedans... **FUCK OFF, RETARD**... my IDENTITY is my HISTORY – real or not (and it's largely REAL, and “anyways” MYTHS are real parts of IDENTITIES)... so **FUCK OFF, RETARD**... I would never voluntarily want to go or be anywhere near a Mohammedan, though I would welcome with open arms the millions of residents of Western Turkey Hellenising themselves and creating a new Hellenic/ Greek Orthodox Empire (= FANTASY which of course will never happen)... and **FUCK OFF, RETARD**... On the other hand, there is no **Iron “Law of History”** that says Mohammedans and non-Mohammedans cannot live with each other peacefully, or that Mohammedans, Africans, etc. can't be productive members and communities of Western mass democracies, etc.... but based on the historical evidence of relations with Mohammedans and or Africans (proven higher average crime rates, (at least in certain respects) lower average intelligence and impulse control etc., notwithstanding that the causes of such differences are probably just as social as genetic-biological), on the whole... good luck with that... and based on the historical evidence, **more likely than very long-term harmonic co-existence**, will eventually be intercommunal religious and or racial conflict and violence... which means that if you don't succeed in RECONQUISTAS or WARS OF NATIONAL (ETHNIC) AND RELIGIOUS LIBERATION (even whilst being inclusive of certain relatively limited sectors of the African, Asian, mixed-race and Mohammedan communities), then you're fucked... if that's the bed you want to make, then we shall have to sleep in it... but in the meantime... **FUCK OFF, RETARD**...*
